HISTORY

Discovery Green was the vision of Mayor Bill White, the Discovery Green Conservancy and the dedication of some of Houston's most generous citizens. The first step in the process of creating Houston's new park was to investigate a wide range of parks in other great cities, seeking to identify urban green spaces that were successful in cities such as New York, Boston, Atlanta, Chicago, and San Francisco. Input was also sought from Houston's own residents, in a series of public meetings and focus groups, seeking to identify what the city's diverse population valued in an outdoor destination.

With a beautiful setting and a vibrant and exciting entertainment program growing each day, Discovery Green has become a desirable urban gathering place for Houstonians and the millions of visitors to the city of Houston.

PROJECT COST

\$125 million

THE NAME

The Conservancy worked with the local media and community sponsors and sought the help of the public by creating a contest to name the park. More than 6,200 entries were submitted, and "Discovery Green" was selected as it fit the personality of the park, invited discovery and education, delight and surprise.

DESIGN

The Discovery Green design team included Hargreaves Associates, PageSoutherlandPage and Lauren Griffith Associates. Artists Margo Sawyer and Doug Hollis were integral members of the design team and produced three works of art for the park. A large team of local and international engineers and specialists supported the core design team. Learn more about the [History of Discovery Green](#).

PARK FEATURES (AS OF OCT. 2014)

ANDREA AND BILL WHITE PROMENADE

This walkway forms the heart of the park and offers a 360-degree view of Houston's skyline.

KINDER LAKE

Kinder Lake, encompassing more than an acre of the park, features water gardens and a model boat area, a shallow pool specifically designed to accommodate remote-controlled watercraft operated by park goers of all ages.

THE GROVE AND TREEHOUSE

Overlooking the park's live oaks, Schiller Del Grande's destination restaurant and rooftop bar offer patrons exceptional food, service and views of the park.

THE LAKE HOUSE

The Lake House offers fast, casual, family-friendly food, with views of Kinder Lake and the Jones Lawn.

ANHEUSER-BUSCH STAGE AND FONDREN FOUNDATION PERFORMANCE SPACE

This amphitheater hosts a variety of performances, including music, theater, film and dance, and is oriented toward a sloped lawn for audience seating. When the platform is not in use, it is open to all park goers, either as space to work, lounge or dine near The Lake House café.

JONES LAWN

The Jones Lawn is the park's largest green space, providing ample area for major events or pick-up sports.

BROWN FOUNDATION PROMENADE

The Brown Foundation Promenade is shaded by 100-year-old oak trees, the largest of which is the Nancy G. Kinder Oak near Avenida de las Americas, one of four large live oaks moved to the park.

JOHN P. MCGOVERN CHILDREN'S PLAYGROUND

The playground is carved into an existing, tree-shaded hill, which shields youngsters from the surrounding streets and integrates the theme of the major migratory bird flyway over Houston. Individual species are represented in the play sets, and accompanying signage educates visitors.

THE ALKEK BUILDING

Overlooking the Gateway Fountain and John P. McGovern Children's Playground, this building houses the park's staff, information center and public restrooms.

GATEWAY FOUNTAIN

The fountain offers a visual gateway to the park for visitors approaching from McKinney Street and is an extension of the playground area. Two systems of jets create a myriad of water activity atop a gently sloping granite surface, with 14-foot high arcing jets serving as gateway landmarks and smaller jets cycling on and off to invite park visitors for a closer look or some fun in the spray.

THE DECK

The first new addition to the park since its opening, 4,700-square-foot raised deck was installed in Spring 2014 adjacent to the Brown Promenade under the century-old live oak trees. The deck provides a shady place where visitors can relax, eat, read and enjoy the various sights and sounds of the park. In keeping with the park's mission, the deck is made from sustainable materials.

PUBLIC ART AT DISCOVERY GREEN

Discovery Green features works by artists Margo Sawyer and Doug Hollis. Great care was taken to ensure the art installations would be visually prominent, yet at home in the park's environs. In addition, Jean Dubuffet's *Monument Au Fantome*, an iconic sculpture by this world-renowned artist, has been relocated to the park.
